Press information

Saleen extends the table set product range

Saleen - a brand for high-quality table sets and baskets made from synthetic material.

Nature enters the home ambience in many and varied forms.

Saleen is renowned for combining natural looks with the benefits of synthetic materials. The new marble-appearance table sets made from easy-care plastic look deceptively realistic, yet consistently address the requirements placed on this product group.

They have a smooth surface pleasant to the touch, and are hygienically easy to clean.

Carefully packaged in sets of 2 appropriate for households, these attractive place mats are available in three colours: white, grey and black.

Combined with simple, elegant crockery, these elegant marble-appearance table sets are an interesting new feature in the Saleen product range.

Westmark GmbH

Westmark is a medium-sized company based in Elspe in the Sauerland, in the south-western part of the German state of North Rhine Westphalia. Westmark offers a large range of kitchen aids and useful household goods for kitchens and caterers. Its products are distributed by specialist outlets as well as more broadly.

A large proportion of the range is produced within the company itself; which is just what you'd expect from products „Made in Germany“. The company boasts more than 50 years of experience in the plastics and metal manufacturing sector.
