Press information

Asparagus time with Westmark

As a peeler specialist, Westmark has always provided various special peelers for delicate asparagus. Whether a simple peeler, a special tongs model or a time-saving double-peeler, the right item can be found for every preference. Westmark, which is developing into a concept provider, thus 'rounds off' the topic of asparagus.

Butter pan, asparagus platter and thermal gravy boat – together with the asparagus tongs – complete the range.

Butter pan/sauce warmer

Made from high-quality stainless steel
With warmer
Incl. lid and spoon

Thermal gravy boat, 0.5 l

With hinged lid
Container made from double-walled stainless steel, brushed
Lid, high-quality chrome-plated plastic

Asparagus platter

Made from porcelain with two handles
With grooved base

Asparagus and serving tongs

With a wide supporting surface so as not to break the delicate asparagus spears
Made in one piece – especially favourable for cleaning

Westmark GmbH

Westmark is a medium-sized company based in Elspe in the Sauerland, in the south-western part of the German state of North Rhine Westphalia. Westmark offers a large range of kitchen aids and useful household goods for kitchens and caterers. Its products are distributed by specialist outlets as well as more broadly.

A large proportion of the range is produced within the company itself; which is just what you'd expect from products „Made in Germany“. The company boasts more than 50 years of experience in the plastics and metal manufacturing sector.
